Kingston Health Conditions in '45 Better Than 1944

Only Three Infantile Cases Here Last Year; Other Diseases Fewer, Report Shows

Health conditions in Kingston were comparatively good during 1945, as compared with 1944, according to the annual reports filed with the Board of Health at its monthly meeting Thursday afternoon.

Three cases of infantile paralysis were reported in the city last year while in 1944 there were 11 cases of the dread disease here. There was also a decrease in the number of chickenpox and measles cases during 1945, with but 28 measles cases being reported as compared with 501 cases in 1944. During 1945 there were 751 births reported in the city, and 633 deaths, while in 1944 there were 725 births and 600 deaths.

Only routine business was transacted at the meeting yesterday.

The report of vital statistics for 1945 showed:

Local U. N. O. Committee Will Meet Tonight to Hear Report on Effort

Further Plans Will Be Discussed, Public Is Urged to Attend Meeting Tonight

A meeting of the general committee in charge of the effort to have the permanent United Nations Home of the United Nations Organization located in Ulster County, has been called for tonight at 8 o'clock at the Governor Clinton Hotel. Chairman George E. Yerby Jr. is also anxious to have all citizens interested in having Ulster County selected as the site of the proposed U.N.O. to be present at the meeting.

The meeting is called for the purpose of discussing action already taken, and further steps to supply the information requested by the chairman of the sub-committee, which inspected the site here.

A report will be made tonight on the inspection made Wednesday afternoon by the U.N.O. committee and also of the conference held Thursday morning with a representative of the State Regional Planning Commission in Vassar Alumnae House in Poughkeepsie.

Miss Stella Karn of the Waldorf-Astoria Hotel in New York, who is manager of Mary Margaret McBride of radio fame, has been very helpful to the Kingston committee, and it is expected that she will be present tonight. Miss Karn owns property in this area.

Thursday's Poughkeepsie New Yorker gave considerable prominence to the visit of the U.N.O. sub-committee to the town of Esopus under a four column head reading: "Ulster Park's Camp Chai-wan-da Catches Eye of U.N.O. Site Committee on First Day of Visits."

The site near Kingston is being considered as a possible location for the United Nations Organization's capital, Dr. Sloyan Gavrilovic, chairman of the U.N.O. site committee, Wednesday night told reporters at a press conference at Vassar Alumnae House.

He told reporters that the site was "worthy of very serious consideration" and that the site consists of approximately 8,000 acres of an area of "eight miles by two miles with room for expansion if necessary."

Asked when the committee first considered the Kingston site, he said he first heard of it Tuesday afternoon when the committee conferred with representatives of the governors of New York, New Jersey, and Connecticut, and a brief of the proposed site in Kingston was handed him.

Dr. Gavrilovic told reporters that the committee had not intended visiting the Ulster County site when it left New York for West Point but later changed the itinerary.

Some City Employees Did Get \$240 Increase

Amplifying a statement made yesterday in regard to failure to provide in the 1946 budget an appropriation to cover a \$240 a year increase in pay to all city employees, C. LeRoy Brower, president of the City Employees Union, said today that "some city employees, comparatively few, did actually receive the \$240 increase."

"However," said Mr. Brower, "only 15 additional employees will receive it as of January 1, this year, leaving a large group of city employees who have not actually received this \$240 salary increase."

"All of these employees," he said, "will, however, receive their regular salary increase of \$60 or \$100 in 1946, which is mandatory under the provisions of Local Law 2 of 1944."

"This union's contention," he added, "has always been that all employees should actually receive the \$240 salary increase inasmuch as it is predicated on adjusting for cost of living rise."

The new salary schedule for the city employees was designated by the Municipal Board and a free plan along the route for each New York state member of the armed services who gave his life in the late war.

U.N.O. Group in Connecticut Today Will Inspect Area at Ridgefield, Stamford

By JAMES H. PORTERFIELD
Rye, N. Y., Jan. 11 (AP)—The motorcade carrying the seven-member United Nations Committee left here today, well-briefed with facts and figures regarding the upper and Westchester county area and the Ridgefield-Stamford locale in Connecticut, next on the committee's site-hunting schedule.

Members spent the night at the Westchester County Country Club here. Their first scheduled destination was the Harrison-New Castle area in Westchester county.

They had a luncheon date at Newtown, Conn., with Governor Raymond E. Baldwin of Connecticut, after which they planned their Ridgefield-Stamford inspection.

Baldwin presented his state's case as possible U.N.O. home when he came to Rye last night and conferred with committee members for an hour. He was accompanied by Col. Edward J. Hickey, Connecticut State Police Commissioner, and Sidney A. Edwards, member of the Connecticut State Development Commission.

Today was the third day of the committee's site-hunting tour. Yesterday they each placed a rose on the grave of the late President Roosevelt at Hyde Park and inspected the Somers-Yorktown site in Westchester county en route to Rye to spend the night. On Wednesday the site near Kingston was inspected.

Strike Deadlocked
New York, Jan. 11 (AP)—A strike of 7,000 members of the C.I.O. American Communications Association, employed by Western Union, moved into its fourth day today with no prospect of agreement in sight and many of the company's operations were on a curtailed basis.

23,320 Autos Made
Detroit, Jan. 11 (AP)—Ward's automotive reports said today that production of passenger automobiles, trucks and buses in the United States and Canada this week totaled 23,320 units. For the week ended January 5, Ward's estimated output at 13,920 vehicles.

Police Still Hunt For Degan Child Kidnap Slayer

Chicago, Jan. 11 (AP)—City and Cook county law enforcement officials, unsuccessful after four days of intensified search to capture the sadist who kidnapped and killed six-year-old Suzanne Degan and then chopped her body to pieces, hunted fresh clues today.

The collapse of one clue after another, many of which had been regarded as important, brought a let-down in the police investigation as a picked squad of officers searched for new leads which would trap the kidnaper-slayer.

As funeral services for the victim of one of Chicago's most ghastly crimes were being held, police said they had not uncovered any new clues definitely linking any one person as a top suspect.

Two janitors who work in the Edgewater district on the north side, where the Degan family lived, were released from police custody yesterday on writs of habeas corpus.

"I don't look for any immediate breaks, but we do have a few lines out," Mayor E. J. Kelly said after conferring with the law enforcement officials. He added that the \$37,500 in rewards offered might procure new clues. In any event, he asserted, the maniac killer must be captured.

New Paltz Farmer Escapes Death as Train Hits Truck

Elias D. Rose Severely Shocked in Crash on Village Crossing

Elias Dayton Rose, 65, a farmer residing on Rural avenue, New Paltz, had a narrow escape from death Thursday afternoon about 3:30 o'clock when the Ford pickup truck which he was driving, was struck by the engine of an east bound Walkill Valley Railroad train at the "brick-yard crossing" on Rural avenue, New Paltz. Mr. Rose did not suffer serious bodily injuries but was found to be in a state of severe shock following the accident. His condition was reported as fair.

According to an investigation made by Corporal John Metzger and Corporal William B. Martin of the Highland State Police Barracks, Mr. Rose was driving his truck over the crossing when the east bound freight enroute to Montgomery in charge of Engineer Stewart A. Jones of Kingston and Conductor Bert Phillips of the Saugerties Road, struck the rear of the truck throwing it from the rails and against a pole on the west side of the railroad. The truck stood up on its nose against the pole and had it not been for the pole the truck would have gone into the Walkill river.

Mr. Rose, who was reported to have been in poor health, suffered severe shock and was treated by Dr. Walter Rost of New Paltz and taken to his home.

Robert Schoonmaker is agent at the New Paltz station. The accident happened some distance beyond the station toward Montgomery.

Wesolowski Is Held as Burglar
Arrested in L. C. Dixon Feed Office at 2 A. M.; Has Prison Record

Investigating a crash of breaking glass on Fair street extension the police at 2 o'clock this morning arrested John Wesolowski, 43, of 108 Murray street, charging him with third degree burglary.

According to the arresting officers they found Wesolowski in the office of the L. C. Dixon & Son feed store on Fair street extension, engaged in prying open desk drawers with a picklock, scattering the contents on the floor.

The police records show that Wesolowski has been arrested a number of times. He had served a term in Sing Sing prison on a burglary charge in Dutchess county, according to the police.

Later this morning Wesolowski was arraigned before Judge Matthew V. Cahill in police court. He informed the court he desired to retain a lawyer and the hearing was adjourned to January 14.

No bail was fixed by the court. The first intimation the police had that an attempt was being made to burglarize the feed store was a telephone call from a North Front street resident, stating the sound of breaking glass was heard on Fair street extension.

Officer Gunsey Burger, on duty in police headquarters, received the telephone call, and sent out an alarm over the police radio. Officers George P. Bowers and Henry Remmerberg in one of the radio cars and Officers James Burns and Robert Murphy in another radio car, picked up the call and drove to the scene.

According to the officers Wesolowski had thrown a stone through the glass of the front door obtaining entrance to the building.

Simultaneously on Capital Hill talk grew of a joint meeting of Congress, possibly next Tuesday, to hear Eisenhower discuss the army's demobilization slow-down of last week, as well as the revised discharge policy now in preparation. A Senate Military Subcommittee also was assigned to look into the picture.

Bill Will Provide For Referendum Vote By the People on Amendment

By HENRY LEADER
Albany, N. Y., Jan. 11 (AP)—A state soldier bonus bill bearing the endorsement of Governor Dewey will be introduced at this session of the Legislature.

The plan to offer the measure at the present session, disclosed by Senate Majority Leader Benjamin F. Feinberg, was regarded at the capitol today as a rebuttal to Democratic claims that the governor was stalling on the question.

The bill will provide for a referendum vote by the people on a constitutional amendment to permit payment of such form of cash benefit to the 1,500,000 New York men and women who served in the armed forces in World War II.

The measure would have to be approved by the present Legislature, and the 1947 Legislature before it could be submitted to the electorate a year from next November. If the voters approved, the 1948 Legislature would enact implementing legislation. Dewey's plan of action, as outlined in his annual message, Wednesday, will be followed. A bi-partisan committee composed of members of both Houses who have served in either for both of the World Wars will be selected, probably next week, Feinberg said.

This committee will consider the several bonus proposals already introduced, consult with veterans' organizations and the State Veterans' Commission, then draft the proposed amendment.

Both Republican and Democratic legislators have introduced a number of bonus bills but none of them is likely to get action. The appropriations sought range from \$175,000,000 to \$500,000,000. The measures, however, will be considered by the bonus committee for guidance in drafting a plan deemed likely to be accepted.

With the Republicans in control of both Houses, and in the present absence of any controversy within the G.O.P. legislative ranks, all of Governor Dewey's program is expected to be enacted.

Paul E. Fitzpatrick, chairman of the Democratic State Committee, will discuss the governor's message in a statewide (A.B.C.) broadcast from 7:15 to 7:30 tomorrow.

Connecticut Has Phones
New Haven, Conn., Jan. 11 (AP)—Telephone service was normal throughout Connecticut today as operating employees ignored small picket lines established at some buildings of the Southern New England Telephone Company by the state's 125 striking members of the Association of Communication Equipment Workers.

Chief Phinney has accumulated far more than enough years of service for retirement. He lauded Phinney's record as a police chief and criminologist and referred to him as "the best cop in the Hudson Valley area." "I'm not very anxious to lose that kind of a man," he added.

Chief Phinney, who recently celebrated his 64th birthday, has been a member of the Kingston police department for 38 years. He was appointed police chief on April 1, 1907.

Miami, Fla., Jan. 11 (AP)—Admiral Chester W. Nimitz told Associated Press managing editors last night that demobilization had left the navy unfit to fight only five months after Japan's defeat. "The service group as there is now is a sad thing," said the chief of naval operations.

Dancer Admits Theft
New York, Jan. 11 (AP)—A \$50,000 jewel robbery was admitted today in police lineup here by Elmer Maddox, 25-year-old bullet dancer, who was arrested and taken from a train in Cheyenne, Wyo., and brought back by New York city authorities. Maddox admitted he took the jewelry from the East 36th street apartment of Mrs. Ruth Young, well-to-do widow.

Spikes Rumor on New Police Chief

Mayor Denies Culliton Is Possibility; Says Exam Would Select Successor

Will Lt. Col. Bernard A. Culliton, former Ulster County Democratic chairman now on terminal leave from the U. S. Army, succeed Police Chief Charles Phinney, when and if the latter announces his retirement?

Mayor William F. Edelmuth answered this highly speculative question this morning at city hall with the flat statement that no single name currently figures in any speculation regarding a successor to Chief Phinney.

"If and when Chief Phinney decides to retire, his successor definitely will be selected through the routine channels of Civil Service examination," the mayor told a Freeman reporter.

"Chief Phinney's retirement has been a matter of city hall speculation for quite some time," the mayor said, "and it is no secret that several times in the past few years I have had to prevail upon him to remain. He has been anxious to retire for quite some time, but I can assure you that no favorites are being considered for the post."

The mayor pointed out that Chief Phinney has accumulated far more than enough years of service for retirement. He lauded Phinney's record as a police chief and criminologist and referred to him as "the best cop in the Hudson Valley area." "I'm not very anxious to lose that kind of a man," he added.

G.I.'s and Congressmen Call For 'Ike' on Demobilization
Washington, Jan. 11 (AP)—Disgruntled G.I.'s overseas and equally concerned congressmen called today for "Ike" to speak out plainly on the army's trouble-harried demobilization program.

The great prestige which Gen. Dwight D. Eisenhower enjoys both with the army rank and file as well as with Capitol Hill lawmakers evidently made them want to hear what he had to say as chief of staff.

And it was pretty plain they were not interested in listening to anyone else first.

Demonstrating G.I.'s in Frankfurt, Germany, last night chanted "we want Ike." That was after they heard and missed the name of Gen. Joseph T. McNamara, Eisenhower's successor as U. S. commander in Germany.

Ask That State Track Money Be Given to Vets

Bills in Legislature Call for Funds To Be Put in Account

By TOM BENTON
Albany, N. Y., Jan. 11 (AP)—Two Queens county Republicans, declaring that the \$3,500,000 in "breakage" at state race tracks during 1945 was "nothing more than legal short-changing," propose that such money be used exclusively for veterans' benefits.

In bills introduced yesterday, Senator Seymour Halpern and Assemblyman George Archinal asked that a separate veterans' fund be established from the receipts—penny windings up to 10 cents, which are not paid to holders of cashable pari-mutuel tickets.

The bills were two of 92 introduced, bringing the two-day total to 425.

Democratic program bills asking \$430,000,000 for state housing aid reached the Assembly after having been introduced the first day in the Senate. Other measures included a bill to cut the state personal income tax 50 per cent and a measure to christen the projected state thruway "The New York State Freeway."

The latter bill, introduced by Assemblyman John R. Pillion, Erie Republican, apparently had its inspiration in Governor Dewey's remark in his message to the Legislature that the thruway "cannot be supported by tolls and should be toll free."

"The breakage . . . is nothing more than legal short changing," Halpern and Archinal said of their bill. "Last season's breakage figures were fantastic; over three and a half million dollars were left behind at the pari-mutuel windows. Let's give that money where it will do the most good."

Under present law, the breakage is divided between the state and the tracks, with the state getting 60 per cent.

Other bills would: Extend commercial and business rent control in New York city until July 1, 1947. (Senator Arthur Wachtel, Bronx Democrat.)

Compel semi-annual inspection of motor vehicles. (Wachtel.) Control the use of billboards along the thruway. Assemblyman Frank S. McCullough, Westchester Republican.)

Increase personal state income tax exemption for single men in service by \$100 for every month in service and for married men and heads of families by \$200 for each month. (Senator Paul A. Fino, Bronx Republican.)

Fix the state automobile registration fee at \$10. (Separate bills introduced by Republican Assemblymen Richard H. Knauf, Binghamton, and William M. Stuart, Canisteo.)

Government Might Take Over if the Situation Develops Into Full Tie-up in Country

Sympathy Spreads
Many Workers in Phone Industry Promise to Aid Strikers

Picketing of the New York Telephone Company building on Broadway began shortly after noon today, but local telephone service will not be affected by the demonstrations, it was learned.

Long distance service and maintenance dependent on Western Electric affiliates in other parts of the country will be seriously curtailed and perhaps completely interrupted.

Four local members of the Association of Communications Equipment Workers began the picketing about 1 o'clock. The first ramifications of the nationwide tieup attracted a large crowd to the telephone building but the demonstration was very orderly.

A short time after the four members of the A.C.E.W. began picketing, they were joined by six local members of the American Telegraph and Telephone workers in a sympathy walkout.

Local members of the A.C.E.W. and A.T. & T. workers both service units, are directly affected by the telephone walkout. The strike does not affect local telephone operators.

May Seize Plants
New York, Jan. 11 (AP)—America's vast long distance telephone system was crippled seriously by a strike today—except for emergency calls—and a Labor Department spokesman said the government might step in if a nationwide tie-up in telephone service developed.

In Washington, the spokesman, who requested that his name not be used, said government seizure of the telephone industry might be recommended.

Reports of effectiveness of the picketing on long distance service varied considerably. However, the American Telephone and Telegraph Company reported at noon that a survey at 9:30 a. m. (E. S. T.) showed long distance traffic in and out of New York city was only five per cent of normal because the persons on duty were inexperienced and had difficulty routing long distance calls.

Reversing an earlier decision to wait until Monday, installation workers threw picket lines around most of the major exchanges across the nation in the early morning.

Japs' Problem
Hirohito's War Activity Not Sufficient to Force Abdication

Tokyo, Jan. 11 (AP)—U. S. Secretary of War, Patterson said today, in answer to a Japanese newspaperman's questions, that he did not believe Emperor Hirohito's war responsibility was such as to require his abdication.

"That is a problem for the Japanese people," Patterson said, adding that the entire question of the emperor system was covered in the Potsdam declaration.

Reporting at a press conference on his tour of Japan before leaving tomorrow for Korea, China and the Philippines, the secretary praised General MacArthur and the occupation army.

He said Pacific army forces would be reduced to 400,000 in May and reported that neither Russia nor China, to his knowledge, has asked to send in troops to join American forces. Negotiations are under way for a British Commonwealth force to participate.

Questions submitted in writing beforehand by both Allied and Japanese correspondents covered a wide range from the prime question of demobilization to MacArthur's position under the new four-power control setup agreed upon in Moscow recently.

Asked if failure of Congress to have a blueprint was responsible for failure to work out an orderly demobilization, he replied, "I don't admit there has been failure to carry out a plan for orderly demobilization. The War Department made careful plans and accelerated demobilization considerably over estimates of last August and September."

Foresee Break In Motor Strike

Rival Sides Impressed by New Report

Washington, Jan. 11 (AP)—Union and company representatives studied today a proposal to end the 51-day old General Motors strike with a 17 1/2 per cent pay increase.

They made no immediate commitment, but one White House labor advisor said it was significant that neither side rejected the terms during preliminary discussions with aides of President Truman. These talks occurred soon after the recommendation was taken to the chief executive by his fact-finding panel yesterday.

Officials of the United Automobile Workers will consider the proposal Sunday at a meeting in Detroit. Walter P. Reuther, U.A.W. vice president, declared the board "completely supports the union's position that wages can and must be increased without price increase."

The corporation had nothing to say until experts could study the 30-page report of the fact-finders. The men who counsel Mr. Truman on labor problems seemed hopeful the end of the G.M. tieup was in sight and that this would influence solution of steel, meat

packing and electrical industry disputes which have brought calls for 1,100,000 C.I.O. workers to strike next week.

The recommended pay increase would amount to 19 1/2 cents an hour more than the present average scale of \$1.13 an hour. The U.A.W. asked a 30 per cent rise, or 33 1/2 cents more an hour, and the company had offered 12 per cent, or 13 1/2 cents.

Undertaker on Bail

Cortland, N. Y., Jan. 11 (AP)—Donald P. Ackley, former Birmingham undertaker convicted of grand larceny and a misdemeanor in the finding of four unburied bodies in his abandoned funeral home last year, is free on bail pending appeal to the Appellate Division. Ackley was ordered released from Broome County Jail in bail of \$7,500 yesterday by State Supreme Court Justice William H. Coon who ruled he was entitled to bail until the appeal.

Won't Affect China

Shanghai, Jan. 11 (AP)—A spokesman for Lt. Gen. Albert C. Wedemeyer, U. S. commander in the China theatre, said today that General Eisenhower's demobilization speedup program would not affect this theatre. Surplus low-point men in China already have been sent home, said the spokesman.

Russia Launches Attack on Secret Ballot System

By JOHN T. HIGHTOWER

London, Jan. 11 (AP)—Russia launched an attack within the United Nations Assembly today on the secret ballot system under which her candidate for assembly president was defeated at the first session yesterday.

Sentiment was reported developing within the American delegation, too, for abandonment of the rule. It was under this rule that Paul Hengst Spak, foreign minister of Belgium, was chosen assembly president with the backing of Britain, and Trygve Lie, Norwegian foreign minister, defeated despite his support by Russia and the United States. One reason advanced was that secrecy is undemocratic.

Dmitri Manuilsky, foreign minister of the Ukraine, one of the three U.S.S.R. delegations, moved that hereafter all persons voted on for U.N.O. office be nominated and discussed from the floor. Spak was elected without his name being mentioned on the floor. Delegates wrote his name on secret ballots.

Action on the Soviet motion was blocked, however, when Cuban and other proposals came up and Spak was trying to discuss three things at once. He proposed that the question be sent to the legal committee, leaving the temporary rules in force, and Manuilsky accepted the suggestion.

The Cuban delegate, Guy Perez Cisneros, raised the issue of the predominance of the big powers in the assembly by demanding a sweeping change in the proposed general or steering committee. The committee as projected by the preparatory commission would have 14 members, five of them big powers. Perez Cisneros argued either for a 51-nation steering committee or a limitation on its authority and a rule against re-election of its members so as to restrict big power membership.

Spak, in his acceptance speech, discussed the question by declaring that the decision was made at San Francisco last spring to give the great powers a dominant place in the U.N.O. and "the system adopted there must be accepted here."

Another development today was the possibility Australia may ask the assembly to reverse the preparatory commission's decision that permanent headquarters be near New York or Boston in order to ring up again the proposal to make the world peace capital at San Francisco. In a telegram published in today's official journal Mayor Roger Lapham of San Francisco asked for reconsideration.

Spikes Rumor on New Police Chief

Phinney Non-Committal

Questioned about the possibility of imminent retirement, Chief Phinney told the Freeman reporter that he had no comment.

"No comment," was his laconic reply. "Any news regarding my retirement, when and if it happens, will have to come from the mayor and police commissioners."

And what was Lt. Col. Culliton's reaction to the rumor that he was under serious consideration as successor to Chief Phinney? "It's definitely all news to me," he said.

Long Distance Phone System Is Crippled Today

Continued from Page One

dawn. In most cases, other telephone workers were not crossing those lines.

Try to Maintain Service

Supervisors and telephone company officials were attempting to maintain service, but could care for little more than the most urgent calls.

A. T. and T. said that in New York 45 per cent of its long distance boards were covered at 8:30 a. m., and other figures at that hour were Buffalo 71 per cent, Philadelphia 13, Pittsburgh 24.5, Cleveland 32, Detroit 34, Louisville 13, Memphis 11.5, Chicago 18, Kansas City 12.5, Minneapolis 28, St. Louis 9.3.

The company said that by 9:30 a. m. 100 additional persons were manning its switchboards here, bringing the total to 330, about 20 per cent of the 1,600 operators who normally would have been at work this morning.

15 Offices Picketed

A. T. and T. the nation's top long distance facility, reported 13 of its 14 major traffic offices were picketed, the exception being Boston. Those the company said were picketed were Cincinnati, Buffalo, Chicago, Cleveland, Detroit, Kansas City, Louisville, Memphis, Minneapolis, New York, Philadelphia, Pittsburgh and St. Louis.

In other cities long distance calls through A. T. and T. are handled by toll operators or associated companies.

The telephone situation followed a strike Wednesday of 8,000 members of the Association of Communications Equipment Workers handled by toll operators or associated companies.

The telephone situation followed a strike Wednesday of 8,000 members of the Association of Communications Equipment Workers (Ind.) who install Western Electric equipment in Bell Telephone exchanges. They originally demanded a \$6 a week pay increase, but later cut that to an undisclosed amount.

Operation Curtailed

The union got the pledge of many telephone union workers that they would not cross picket lines. In addition to long distance service, today's action also curtailed manual operations in many sections. Dial telephones were not affected, but will be when they need repairs. The union estimated dial systems will bog down in a week to 10 days.

Shortly before last midnight Ernest Weaver, president of the A.C.E.W., said picketing would be postponed until Monday at the request of Secretary of Labor Schwelienbach.

A few hours later Weaver said it was too late to stop the pickets. A spokesman for Schwelienbach said this morning that this afternoon's conference between Schwelienbach and Western Electric and union representatives would be held as scheduled in Washington. The spokesman also said Weaver would make another effort to have the pickets withdrawn pending further discussions.

One of the major areas not affected by the shutdown was New England, where the installation workers are not affiliated with the A.C.E.W.

Court Upholds State Pay Hikes

Restaurant Employees Are Affected by Ruling

Albany, N. Y., Jan. 11 (AP)—The Appellate Division, Third Department, today upheld a State Labor Department order fixing a basic minimum wage of 20 cents an hour for waitresses and 30 cents an hour for other women and minor non-service restaurant employees.

The decision, made public yesterday, affirmed a previous determination by the State Board of Standards and Appeals.

Objection to the order, effective since 1944, was filed by a group of 200 employees who maintained that the minimum scale disregarded tips as part of employees' income by prohibiting their deduction from the minimum wage.

The state maintained that the order prevented the employer from applying tips against his liability to pay a minimum living wage already adjusted to the tip factor.

Town Health Committee Meets in Marbletown

Marbletown, Jan. 11—The Public Health nursing committee of the town of Marbletown held its regular meeting, January 8, at the parish house of St. Peter's Church, Stone Ridge. An election of officers was held, the following officers being elected:

President, Mrs. Ernest Jansen; vice-president, Mrs. Francis Davern; secretary, Miss Constance Blawie; treasurer, Mrs. Edward Muller.

Miss Dondorwicz, dental hygienist from the state health department, then gave a talk on children's teeth and the importance of proper diet and regular brushing, as well as regular trips to the dentist. Her talk was followed by two movies, "Behind the Smile" and "About Face," both stressing proper dental care.

The nursing committee is planning to begin dental work among the children of the town in the near future.

K. of C. Will Hold Regional Meeting Here on Sunday

Sunday afternoon at 2 o'clock there will be a regional meeting of the Knights of Columbus at the K. of C. Home, Broadway and Andrew street.

Kingston Council 275, K. of C., will be host to State Deputy Joseph M. Foley and a number of state committee chairmen. District deputies, officers and members of the councils throughout the Hudson valley will also be in attendance.

District Deputy Allen A. Baker of the 37th District extends an invitation to all of the members of the K. of C. in this section to be present at this meeting. He particularly asks that a large number of members of Kingston Council participate in the program of welcoming State Deputy Foley and to hear him outline his program for the coming year.

State Police Society Drafts Benefit Plan

Albany, N. Y., Jan. 11 (AP)—A legislative program drafted by the New York State Police Association includes a demand "to lead normal and decent private lives with our families."

The program was adopted at an association conference here yesterday and R. J. Lawrence, president, said it would be introduced in the state legislature late this month by Assemblyman Wilson Van Duzer, Orange county, and Senator Walter Mahoney, Erie county. Lawrence said state police personnel were allowed only one night a week at home.

Other planks included a request for retirement on half pay after 20 years service, a salary adjustment to compensate for rising living costs, a five-day, 40-hour week with time and one-half for more than eight hours a day, Civil Service status, and credit for military credit toward retirement.

Soil Conservation Program Provides Help for Farmers

Harry J. Beatty, chairman of the Ulster County Agriculture Committee, announces a number of community meetings for Ulster county farmers who wish to make application for materials available to them under the 1946 federal agricultural conservation program. Meetings have been scheduled as follows:

January 14—Modena church hall, for the communities of New Paltz and Plattekill.
January 14—Highland Grange, for Lloyd.
January 15—Gormley's Hotel, Phoenicia, for Shandaken.
January 17—Bruynswick church hall, for Shawangunk and Gardiner.
January 18—Workmen's Circle, Ellenville, for Wawarsing.
January 22—Lake Katrine Grange, for Ulster.

All meetings will be from ten to four. Meetings have already been held in other communities. Mr. Beatty states that the conservation program is designed to help conserve soil resources of the farms, and \$126,000 has been made available for this purpose. Farmers may obtain help in carrying out any of 16 practices listed. The help may be in the form of cash, or by furnishing lime and superphosphate for carrying out some of the practices. Applications must be approved by community chairmen before any assistance can be given.

February 15 is the last day on which farmers may sign up for assistance through this program. They may sign at the community meetings, or at any time up to February 15, at the Ulster County A.A.A. Office, 54 John street, Kingston.

Wants U. S. to Scan Loan Bids Before Aiding Britain

Washington, Jan. 11 (AP)—Senator McClellan (D-Ark.) suggested today that the United States gather in all requests for foreign loans before acting on the British application for \$3,750,000,000. To approve a loan to Great Britain now, McClellan said, would establish a precedent which might prove embarrassing.

"Would we want to affront Russia, for instance, by denying her a loan after England had floated one here?" he asked a reporter. McClellan said the loan applications from all foreign countries seeking assistance might total \$38,000,000,000 or \$36,000,000,000. Meanwhile Senator Edwin C. Johnson (D-Colo.) expressed determination to present his alternative loan plan. It calls for an issue of special British loan bonds to be sold to the public with the United States government acting in the role of broker.

Kiwanis to Hold Ladies' Night; No Installation Party

At the meeting of Kiwanis Thursday it was voted to omit the annual installation party this year. Instead they will have ladies' night at the celebration of the 25th anniversary of the local club later in the year.

Lieut.-Gov. E. M. Huben announced that he would install the officers of the Kiwanis club Tuesday night. He hopes to have a good delegation from the Kingston club accompany him on that occasion. Mr. Huben already has installed officers of the Newburgh and Beacon clubs.

Guest speaker at the meeting Thursday was Howard C. (Jack) St. John, who arrived home in November after having served overseas with the A.F.R.S. of the 10th Army Air Force since September, 1943. Jack served in Burma, China, India and Kunming, China. It was at Chabua that the first official radio station was established.

At the start of his very interesting and informative talk Jack remarked that they were being addressed by a "dead" man. He explained that in November, 1943, the Jap radio broadcast a statement that all the personnel of the air base at which he was stationed had been wiped out completely. Saying that "it is hard for you to realize how much you miss radio entertainment until you have to go without it," he told how a group of G.I.'s built a station of their own out of scrap material of all kinds. Later headquarters heard about it and decided to erect a station. The news finally reached Washington and ultimately radio transmissions giving features that had been broadcast in the States (minus the commercials) were sent overseas, 56 hours of them each week.

Jack gave some interesting facts about India. He noted that although it is about half the size of the United States it has about three times as many people. "You never saw so many people in your life, nor so many different people," he said.

It is estimated that about 100 different languages and dialects are spoken in India. Sixty-five per cent of the population are Hindus and worship the great god, Brahmin—but through lesser deities. Moslems, who comprise the second largest religious group, originally came from Arabia about 1,000 years ago.

"You have heard about 'beautiful, exotic India,' Jack said, adding, "That's true—if you don't have to smell it." In conclusion, he said, "If you hear anything incredible and impossible about India, believe it—it's probably true."

Captain from Castile
By Samuel Shellabarger

Gallant Pedro de Vargas, young, handsome, aristocratic, is a man's hero as well as a woman's. Courteous, sympathetic, adventurous and fearless, he spurred his position to search for gold and glory in the far-off land of Montezuma. His wife and his sword were his weapons. Only his heart was vulnerable! Catana, the poor dancing girl won it—the hard way—against the most formidable odds!

"Captain from Castile" is a story that will take you out of yourself for thousands of hours—a story that will keep you on edge to the very last page—a story that will thrill every fibre of your being. DON'T MISS "Captain from Castile." A copy is yours without extra charge if you join our Book Club. See coupon below.

So Well Remembered
By James Hilton

Can a man love his wife too much for her own good? Is it possible for disaster to result when a husband cares so his wife's every whim? George Boswell loved Livia—tried to impress her in his projects—was kind and considerate—but she was bored by everything he did. And finally she left him for a greater adventure. It wasn't until she betrayed her second husband that the shallowness of Livia's character was revealed. But still she was so devoted. The same selfishness which wrecked the lives of two husbands finally threatened to wreck her too!

In "So Well Remembered," the story of a man who loved his wife too well... of a wife who loved herself too well, James Hilton has again created a novel that is a fine companion piece to "Good-bye, Mr. Chips"—as fascinating as "Random Harvest," as fascinating as "Lost Horizon." And now you can obtain a copy without charge by joining our Book Club. See coupon below.

The Black Rose
By Thomas Costain

"The Black Rose," by Thomas Costain, is the story of an intrepid adventurer who loved a noble English lady so madly he went to the far ends of the earth to make a name for himself. But on the way he met a slave girl, saved her from the life of a harem—then fell in love with her! Which did he marry?

Here is a strong, robust story of love and adventure, so thrilling you will want to read it at one sitting—but so enjoyable you will want to save some of its pages for tomorrow! Here is Anthony Adverse, Ivanhoe, and Marco Polo rolled into one. If you like "exotic" literature you will find yourself in far away China and England from page one to page 403 of "The Black Rose." You can now obtain a copy without charge by joining our Book Club. See coupon below.

Judicial Appeal
Chicago, Jan. 11 (AP)—Superior Judge Frank M. Padden, who has been on the bench in Cook county for 21 years, got a letter from the Board of Jury Commissioners directing him to fill out a questionnaire and report for jury duty.

"It would be a joke if I was assigned to a jury in my own court," he said.

But when Judge Padden reported to the board, he explained he couldn't serve as judges are automatically exempt from jury duty.

Contract Awarded
Albany, N. Y., Jan. 11 (AP)—Completion of a separation structure carrying Route 45 over Route 9-W south of Newburgh, Orange county, by July 1 was provided for today in a \$31,658 Public Works Department contract awarded to John Roman, Inc., of Brooklyn.

April Adjournment
Albany, N. Y., Jan. 11 (AP)—Despite an outlook for the busiest session in years—possibly in history—legislative leaders are aiming at an April 1st adjournment.

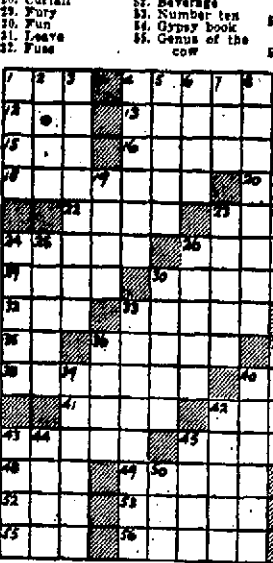

Senate Majority Leader Benjamin F. Feinberg said yesterday that he expected the Legislature's work would be completed by that date.

July 7 Tentative Date for Regatta On Rondout Creek

During the annual meeting of the Kingston Power Boat Association Thursday evening, July 7 was tentatively set for the annual outboard regatta. This will be the first held by the association since 1941. Plans are now being mapped for the program and further information will be published later.

New officers also were elected last evening and include: John B. Glennon, commodore; Kenneth Boyce, vice commodore; Neal Bruck, rear commodore; Vernon Radcliff, secretary; Donald Schryver, treasurer; Fred Maurer, measurer; and Ben Rymer, fleet captain. Roger Reardon and Theodore Riccobono were elected trustees for three years.

Former Wrestler Heads Ferris School for Boys

Wilmington, Del., Jan. 11 (AP)—Bernard D. Nobis, New Rochelle, N. Y., a former professional wrestler and a New York state parole official since 1936, is the new superintendent of the Ferris School for boys.

Nobis succeeds the Rev. Ralph L. Minkler who resigned December 13 following criticism of the institution's operation in a report by Delaware Attorney General Clair J. Killoran.

Nobis has been connected with the division of parole of the executive department of New York for the past 10 years. He attended the University of Delaware, Temple University, Columbia University and the New York School of Social Work.

Sangi Hits 279 Single in Major; Ferraro Rolls 234

'Red' Rolls Up Eleven Strikes at Central Rec Alleys; Club Wins Three Straight

Spearheaded by Johnny "Red" Sangi's crushing 279 single, the Les Pommeries keggers came through with three straight decisions last night against Ad Jones' club in the Major League at the Central Recreation alleys.

After polishing off a 181 in the opener, Sangi put together 11 strikes and proceeded to roll up his envious 279 in the midway game. He finished the night with a 639 triple. Sangi's 279 blast was the fourth 270 bowled in the Major League in the last two years.

The other half of the bowling proprietor of the Railroad avenue alleys—Johnny Ferraro—came through in his usual fashion with a sizzling 234 single for the Hotbraus.

In another Major League fray, Grunenwald took two from Dobbs with Charlie Grunenwald leading the way with a 224 single and a 568 three-timer.

The final match found Mickeys winning two from Steins with Schrowang blasting the maples for a cool 225 single and a 574 triple.

Lions Prepared to Fight Sinkwich's Bolt to Yanks

Ex-Georgia Ace Signs With Owner Dan Topping for \$12,000 Per Year for Three Years

New York, Jan. 11 (AP)—A court fight loomed today whether All-American Halfback Frankie Sinkwich, of Georgia, would play professional football this fall with the Detroit Lions of the National League or the New York Yankees of the newly organized All-American Conference.

Sinkwich, voted the N.F.L.'s most valuable player in 1944, bolted the Lions yesterday by signing a three-year contract for Dan Topping's Yankees at a salary reported to be \$12,000 annually.

The move brought a prompt reaction from Detroit officials who declared they were "prepared to go to court" to enforce a two-year contract with Sinkwich which they contend has one year to run because he did not play in 1945 when he was in the army.

"Even if that isn't so (that the Detroit contract has one more year to run) we have an option on Sinkwich's services until August 1," asserted Fred Mandel, owner of the Detroit club.

In Buffalo at the time, it was announced another former Detroit player, William Kennedy, 215-pound lineman, had signed with the Buffalo All-American team.

Orange, N. J.—John Thomas, 183, Ft. Lauderdale, Fla., outpointed Billy Grant, 173½, Orange, 10. Eddie Martin, 150½, Newark, outpointed George Slaton, 162½, Philadelphia, 6.

REOPENING BOBBLED RUN—For the first time since the war, the Olympic bobsled run is reopened for the 1946 winter carnival at Lake Placid, N. Y. Paced at the top of the slide are (l. to r.): Ferry Como, driver, who was chosen carnival king; the queen, Jo Stafford; Lowell Thomas, and Eddie Egan, chairman of the N. Y. state athletic commission.

Better Bowling By Billy Sixty

POINT OF TROUBLE: It is at the top of the backswing that trouble in bowling begins. It's the point where timing either is maintained or explodes with a hurried jerk—a thrust or throwing action. The star knows the fallacy of rushing to the foul line, knows that the entire downward and forward swing must be covered as the right foot to the left for the finishing stroke to the line.

To do all of this in the space of one step can mean only that there must be no effort whatever to speed up the action; that the ball must be permitted to swing freely; the arm action must be loose and free like a pendulum.

The thought is to "let the ball swing you, instead of you trying to swing the ball." When this is done the time required for the ball to complete its forward arc, with everything done unhurriedly, blends itself perfectly with the last step and slide for an easy and long follow-through.

As the illustration shows, the smooth swinging action keeps the shoulders straight away, balances the body and grooves the swing.

Just remember that easy rhythm comes with walking at the start of the stride. Start in low gear—and let the swinging ball not physical force work you into high.

Oratorio Society Will Hold First Rehearsal On Monday Evening

Men and women of Kingston and this vicinity who are interested in singing with the Oratorio Society this season are invited to meet with the group Monday evening, 8 o'clock, in Mechanics Hall, 14 Henry street, over the Y.W.C.A. The society will do "The Creation" by Haydn for this year's concert to be given in the spring.

George Fowler of Poughkeepsie will direct the group and Mrs. William S. Eltinge will be the accompanist. Rehearsals will be held once each week on Monday night beginning with Monday's meeting until the concert.

The Oratorio Society was founded by the late Harry P. Dodge who was succeeded by Mr. Fowler as director. Among the works which the group has sung are "Elijah," Mendelssohn; "The Seasons," Haydn; "Requiem," Brahms; "The Passion According to St. Matthew," Bach; "St. Paul," Mendelssohn; and "Hort Novissima," Horatio Parker. The group has also previously sung "The Creation."

During the war years the society has continued as a women's chorus singing arrangements for women's voices. Among the most popular were two contemporary works, "Evangeline" by Dr. Charles Gilbert Spross and "The Highwayman" by Deems Taylor. Last year's concert also included "The 37th Psalm" by Liszt.

Band Council Lists Annual Concert Date

At a recent meeting of the Band Council in Kingston High School plans were made for the annual spring concert of the Kingston High School Band. The date of Friday, April 12, has been set. Although this is earlier than usual it was felt that the April date would not conflict with other school activities.

Soloist this year will be Myron Rossi, trumpeter. There will also be another novelty skit.

Crowd Waits Patiently for Those Nylons

At 4 p. m., exactly two hours after the first pair were purchased, the last of 900 pairs of nylons was sold at the Montgomery Ward store Wednesday afternoon. This was the first extensive sale of nylons in Kingston since the war and about 200 people were turned away Wednesday as well as 100 who were waiting for the store to open yesterday. The line began to form at 1 o'clock. Not daunted by the weather, some of their husbands and even several young men stood in line, some for more than an hour, to get one pair. Not a few of the business girls were late for work and others took turns at the office. Behind the counter from front to back are Thomas Gallagher, manager; William Hallowell, assistant manager; and the Misses Helen Barten and Helen Hoyt, clerks.

GOING TO A JUNIOR DANCE

Mrs. X writes me: "My son (aged 12) has been invited by the mother of a girl (also aged 12) to have dinner at their house and afterwards to escort her to the first of the junior dances in our town. They are the nicest parties given for this group and, of course, he has accepted.

Is it correct that he send this very young girl simple flowers such as sweet peas to carry or to wear? Also has he further responsibilities towards his hostess than dancing the first dance with her and serving her refreshments? If the mother is a chaperon, should my son ask her to dance with him?"

I do not know what the flower customs in other communities may be, but here in New York, one effectively large or two small gardenias are what the girls like best! A boy is not expected to ask any of the mothers to dance, but he certainly is expected to pay more attention to the girl who is his hostess than dancing the first dance with her. When she is dancing with others, he is free to do the same, but he should keep her sufficiently in mind to "rescue her" should she be left too long with the same boy. If he himself is "barnacled" beside an unclaimed partner and there are no ushers at that dance, the only thing to do is to join the other two and ask the boy to exchange! This boy then (if he wants) joins the girl he came with and asks her partner to exchange. How universal this practice is I don't know, but it is almost essential when each girl invites only one boy and there are no ushers.

Day Clothes at Evening Wedding

Dear Mrs. Post: How can I tell my friends that the wedding will be informal when it is to take place in the evening and there will be a reception at a hotel? The facts are that the room there and also the simple refreshments are to be given to me, which is why we can have a reception. But I am not wearing bridal clothes and the men are wearing plain business suits.

Answer: Add "Simple Day Dress" to your invitation or if you invite people verbally, tell them.

Marking Cards

Dear Mrs. Post: I wish to give playing cards to a young married couple. Will you please tell me the correct monogram to use on them?

Answer: You could have four packs, hers could be put on one pair and his on the other and you then could re-package them. This suggestion is given if, as is usual, one design is permitted for each pair.

Do you know your ABC's in manners? Send for Mrs. Post's latest, "Behavior in Public," in care of The Kingston Daily Freeman, P.O. Box 98, Station G, New York, 19, N. Y., and inclose a 3-cent stamped, self-addressed envelope.

Mrs. Fisher Returns To Amalgamated Post

Mrs. Mabel Fisher has been returned to office as business agent for Local 186, Amalgamated Clothing Workers of America, for the coming year. Mrs. Fisher, who resigned her position in 1944, and who for some months has been employed by the City of Kingston Department of Public Welfare, has just been elected by the membership of the Local, to serve as business agent for the members of Manhattan Shirt Co., and F. Jacobson and Sons. Officers elected with her are Frank McMahon, president; Charles Trice, vice president; Mary Coughlin, secretary; Thomas J. Murray, treasurer.

Preparations are underway for the annual dinner of Local 186, in February, which will commemorate the 11th year of organization in Kingston and also celebrate the recent wage increase secured by the Union.

Women's Club Makes Bandages at Meeting

The annual Social Service meeting of the Y. W. C. A. Women's Club was held at the "Y" Thursday morning, with 40 members present. The group rolled 1810 bandages for the Public Health Nurses. At noon a luncheon was served with Mrs. M. Donald Lane, chairman; Mrs. Chester B. Van Gaasbeek and Mrs. Ernest LeFevre in charge. Mrs. Benjamin Johnston was hostess for the day.

Plans for the next meeting which will include a play, "On the Sunny Side of the Street" written by Mrs. R. R. Gross, member of the club. An invitation will be extended to members of the Junior Married Women's Club to join with the group for this meeting on February 14. Members of the Women's Club will also have a new privilege. Mrs. Howard A. Lewis will assist in the production of the play.

Mrs. Boyd N. Williams was welcomed as a new member. In the membership and attendance contest Mrs. William S. Jackson's White Team won the honors for the day with 500 points.

Mrs. Parker K. Brimmer, president, stressed the idea of new members and invited all women of the city to join. The club voted to donate \$25 to the Red Cross. Mrs. John Herlihy was appointed hostess for the next meeting.

Shafer Displays to Feature Oil Painting

Val A. Schmitz, advertising manager of The F. & M. Schaefer Brewing Co., announces that as of the second week of January 1946 the first of an outstanding series of window displays will be installed.

This campaign will feature oil paintings by Robert G. (Bob) Harris, one of the leading artists and magazine illustrators in the country. The model for the first display was Miss Dorothy Hart in an original ski costume which, combined with the original Schaefer Red background, forms a highly colorful window piece for the winter season.

In the illustrations this year, Mr. Harris, originally from Missouri but now living in Westport, Conn., incorporates more seasonal and appealing settings highlighted by the Harris touch of realism.

The lithography and construction to be by the Elmsin-Freeman Co. of Long Island City, N. Y., who have devised a novel construction for this display. The main panel, which is an exact reproduction of Bob Harris' oil painting, is so constructed so as to appear to be the actual artist's canvas, and this panel rests on an artist's easel which also holds the Schaefer logotype in a second plane. The feature of the construction is that the simulated canvas may be removed from the easel after use as a window display and hung up as a permanent decoration for the window or the inside of the dealer's premises. This construction feature will be carried by all displays in this series. A gold cord is attached to the rear of the simulated canvas for hanging.

OLD ROMANCE RENEWED

Peter Thompson and Miss Margaret Brady wanted to wed 40 years ago but were prevented by objections of the girl's grandmother. Thompson left his native city of Belfast, Northern Ireland, and went to Manchester where he worked as a joiner and took a wife, who later died. Appellate Court Favors Friedlein Side for Damages

Upholds Supreme Court
Jury's Stand Against
Rosendale Store
Owner, Tenant

In a decision handed down Wednesday at Albany, the Appellate Division, Third Department, affirmed a judgment entered at the January, 1945, term of the Supreme Court after a trial before Justice R. V. Elsworth and a jury. The case involved an action for damages by Josephine Friedlein, plaintiff, against Henry J. Dittmar, Helen Dittmar and A. F. Anderson, defendants. Damages were claimed for personal injuries allegedly sustained by Mrs. Friedlein as a result of a fall while entering the Anderson hardware

store in the village of Rosendale on February 3, 1944. The store premises were owned by the defendants, Dittmar, and leased by them to Mr. Anderson.

According to the testimony presented by the plaintiff at the trial, she was caused to fall by tripping over a display platform which had been placed in front of the store. She testified that a light fall of snow caused her not to observe the presence of the platform and that upon turning to enter the hardware store, her foot caught under the slabs of the platform causing her to fall and to sustain injuries to her leg and knee.

It was the contention of the defendants that she was not sufficiently careful of her movements and that she should have remained upon the paved portion of the sidewalk.

Jury Returns \$500 Verdict
The jury returned a verdict in the favor of the plaintiff in the sum of \$500. A motion to set such motion aside was denied by Justice Elsworth. Thereupon the defendant appealed to the Appellate Division, Third Department. In affirming the judgment of the trial court, the Appellate Division wrote an opinion as follows:

"The owners and a tenant of real property fronting on Main street in the village of Rosendale, Ulster County, N. Y., appeal from a judgment recovered by plaintiff following a trial before a jury of an action for damages on account of injuries asserted to have been suffered through negligence arising from placing a wooden platform about 20 inches wide and eight feet in length in front of a display window between the building and the flag sidewalk.

"Appellant Anderson is a tenant in the real property which belongs to appellants Dittmar. There is a stone flagged walk from the store door to the flagged sidewalk which passes the building. Except for this entrance walk, the area in

front of the store which contains a display window has no flagging for about five feet from the building line.

"The wooden platform upon which at times merchandise was displayed covers a portion of this area and is about three inches above the ground. In front of the adjacent stores the flagging extends from the building line to the curb.

"On the day of the accident there had been a light fall of snow. Respondent, desiring to enter the store, started to cross the unflagged area, slipped, her foot caught under the platform and she fell and was injured. There was an implied invitation to a prospective customer to inspect the wares displayed in the window adjacent to this area and to enter the store by any route that appeared to be safe.

"No merchandise was displayed on the platform, and nothing indicated peril in crossing the open area. Plaintiff was a business invitee. The owners resided on the premises, there were tenants in other portions of the building, and the sidewalks and approaches were under the control of appellants, the owners and tenant.

"An issue of fact as to negligence and contributory negligence was presented. (Wilson v. Jaybro Realty & Development Co., 289 N. Y. 410; Mullins v. Siegel-Cooper Co., 183 N. Y. 129; Gibson v. Jaystone Drug Co. Inc., 267 A. D. 201; Lerner v. Parower, 244 A. D. 802). The verdict was not against the weight of evidence.

"Judgment affirmed, with costs."

Attorneys in Case
The plaintiff was represented upon the appeal by Attorney Streifer. The defendants were represented by Attorneys Augustus Shufeldt and William E. Riseley.

SAUGERTIES NEWS

Saugerties, Jan. 10.—The Christmas meeting of the Women's Missionary Society of St. Paul's Church was held at the home of Mrs. Henry Knaust on January 8. The leader was Mrs. William Schaff, who gave an interesting account of the work of the United Lutheran Mission in Liberia. The generous Christmas offering was given to the Biblical Seminary in New York, which is one of the interdenominational projects for this year. Two Peace Bonds also were purchased.

The annual congregational meeting of St. Paul's Lutheran Church was held January 7. Unusually fine reports were submitted by the officers and various organizations of the church. The following members of the church for three years: Elder, Joel Emerick, deacons, Foster Winchell, Herman Knaust and Nelson Burhans. Mrs. Herman Knaust was re-elected financial secretary, and Joel Emerick re-elected assistant.

Baptism rites were held on December 30 at St. Paul's Lutheran Church in West Camp for Larry Leroy and Janet Irene, children of Mr. and Mrs. Bertram L. Schlenker, of West Camp. The sponsors were Miss Margaret Schlenker and Ernest Tobiasen. The infant son of Mr. and Mrs. Herman C. Wynkoop, of Pittsfield, Mass., was also baptized the same day. Mr. and Mrs. Phil Pampinella were the sponsors.

Proud of German Horse

Corporal Donald F. Warren, son of Mr. and Mrs. Frank Warren of Route 2, Kingston, hoped to land in the cavalry when he joined the army but fate placed him in Headquarters Company, Division Trains, Fourth Armored Division. However, from an account which appeared recently in "The Tanker's Times," a service publication printed in Germany, Corporal Warren is one of the happiest men in the European Theatre.

In an article written for the publication by John McTiernan appears a picture of "Oberst," Germany's champion horse of 1938, which is now included in the string of horses under Corporal Warren's direction. Not only is the

top honor horse at the Frankfurt horse show included in the string but numerous other prize horses including jumpers which Corporal Warren takes over the hurdles.

McTiernan says, "This started out to be the story of a horse, but the rather startling effect of seeing a happy man in E.T.O. so impressed the writer that he felt compelled to change the original idea. Cpl. Donald Warren, who wants it made clear that he is from up-state New York, and who is a member of Headquarters Company, Division Trains, found something in this very Kaserne to make his heart glad. Oberst has become his most prized possession, and his eyes fairly shine when he is asked a few questions concerning any one of the thirty-odd horses every one of a show horse, which he has managed to collect from far and wide and which compose the Division Headquarters stable. For some 12 years, Donald Warren rode and trained some very fine horse-flesh in the eastern states. His being placed in an armored division was the straw that broke the camel's back, so far as Warren's army career is concerned and he never will admit that a jeep can do anything which can-

not be equaled or bettered by a good horse. He will prove his point at any time by bringing to the fore a beautiful jumper called Videllus, and taking him over a hurdle six feet in height. Says Warren, "Let's see a jeep do that." "The huge bay 'Oberst' in 1938 won top honors in a horse show held in the city of Frankfurt. For five years 'Oberst' has been schooled and ridden by a German civilian riding-master, and his activity in a ring is the nearest thing to perfection that the writer has ever seen. 'Oberst' stands sixteen hands or better and although he is blind in the left eye he is, for all his seventeen years, a really beautiful animal. The German riding master is now Don Warren's assistant and for several months has been holding riding classes in the Kaserne indoor ring. Jürgen Gruve, trainer of many blue-ribbon winners throughout Germany and France before the war, rode 'Oberst' to national fame in 1938, when 'Oberst' was crowned the champion show horse of Germany."

Prior to entering the army Don Warren for a time was employed at the Lake Mohonk riding stables and at various other places in the east.

Christmas Seal Campaign Report

Increased Interest Shown
in Ulster TB Hospital

Increased interest in the Ulster County Tuberculosis and Health Association, as evidenced by local participation in the 1945 Christmas Seal Campaign, was indicated in a report made today by Harry S. Ensign, campaign chairman, to Joseph M. Fowler, president of the association.

Mr. Ensign stated that 30 volunteers helped with the campaign, that special programs were presented in some of the county schools, that talks were given before service clubs and other groups, that the majority of churches joined in the observance of Christmas Seal Sunday, that nine newspapers helped to publicize the Seal Sale and that 15 programs, including "The Constant Invader," were given over station WIKNY and that the Christmas Seal trailer was shown in all city and county theaters.

"This wide spread participation in the Seal Sale," Mr. Ensign said, "is extremely gratifying and shows that all sections of the community appreciate the splendid health program of the association which is supported by Seal Sale funds. The fact that we are able to reach so many groups and to obtain their cooperation is due largely to the unselfish efforts of the volunteers who assisted with the campaign."

Some residents, he said, have not as yet answered the Seal letter sent them in November. If they do so now, he said, it will greatly assist the association in completing its plans for 1946.

Joseph M. Fowler, president, expressed appreciation in behalf of the association to the committee for its splendid conduct of the sale and said that because of the success of the Seal Sale, the association had already launched its 1946 tuberculosis control program.

Organization work for the next chest X-ray survey of the tuberculosis association is now under way. The committee plans to have the X-ray program carried on sometime in the early spring.

Wiltwyck Hose Re-elects Edelmuth as President

At the annual meeting and election of officers of Wiltwyck Hose Company No. 1, Thursday evening, Mayor William F. Edelmuth was elected president for a fourth term. Others elected to serve with him are: Vice president, Harold Osterhoudt; secretary, L. E. Dunne; treasurer, Eugene Cornwell; foreman, Edward Brown; first assistant, Alfred May; second assistant, George Silverberg; representative to City Fire Fund Association, L. E. Dunne; representatives to Veteran Volunteer Firemen's Association, William Schwab, Eugene Cornwell, Alfred May; delegates to Ulster County Volunteer Firemen's Association, Jay Every, Kerineth Dyson; chaplain, the Rev. F. B. Seeley; delegate to State Volunteer Firemen's Association, Charles Ryan; trustees, Richard Green, James Betts, Harry Walker, Charles Mullen, E. F. Flanagan, Myer Kaplan.

Following the election of officers the president announced that he would make appointments to the several committees, before the next meeting.

Reports of the secretary and treasurer showed the company had a most successful year financially and gaining in membership. The company as in the past, voted a donation to the Infantile Paralysis Fund.

The annual banquet which will be held later was left to the new entertainment committee to select the date and place and make all necessary arrangements.

The meeting was largely attended and following the business session a social hour was held.

New Army Recruiters Are Assigned Here
Two new recruiters have been assigned to the local U. S. Army recruiting office in the post office building, Capt. Harry W. Smith, officer-in-charge, said today. The newcomers are Sgt. Andy

B. Stamper, who has 44 months in service; and Cpl. Mike Benitz, of Texas. Stamper served with the 3rd Infantry Division, the first expeditionary force to leave this country. Benitz has been B-25 gunner and airplane mechanic in the Army Air Forces.

Lloyd Rod and Gun Club Makes Plans For 1946 Banquet

Highland, Jan. 11—Members of the Lloyd Rod and Gun Club voted to again hold the annual banquet and appointed a committee of George Erichsen, Albert Roberts, Albert Lester, and Glenn Clarke to represent the club at the Ulster county meeting and dinner of sportsmen in Kingston, February 16.

A need for cans for the transportation of fish in restocking streams prompted the club to purchase a half dozen milk cans for that purpose. The annual meeting will fall on January 22 and at that time movies of hunting and fishing will be shown with special refreshments served by Henry Erichsen.

Lloyd Rod and Gun Club Makes Plans For 1946 Banquet

Highland, Jan. 11—Members of the Lloyd Rod and Gun Club voted to again hold the annual banquet and appointed a committee of George Erichsen, Albert Roberts, Albert Lester, and Glenn Clarke to represent the club at the Ulster county meeting and dinner of sportsmen in Kingston, February 16.

A need for cans for the transportation of fish in restocking streams prompted the club to purchase a half dozen milk cans for that purpose. The annual meeting will fall on January 22 and at that time movies of hunting and fishing will be shown with special refreshments served by Henry Erichsen.

OIL BURNERS**Believe Officers Murdered**
Nuernberg, Jan. 11 (AP)—The Army newspaper Stars and Stripes reported today that the charred bodies of three U. S. military government officers had been found in a half-burned house on the outskirts of Passau, near the Austrian-Bavarian border. "Soldiers who saw the fire said there were indications that the officers were beaten to death and the

house set on fire after it was drenched with gasoline," the paper said. It declared that an Army investigation already was under way. The dead officers were described as a major, a captain and a lieutenant, but their names were not disclosed.
